The APC is the Annual Percent Change over the time interval.

SEER(b) Incidence Rates and Annual Percent Change by Age at Diagnosis

(c) NOS = Not otherwise specified. MALT = Mucosa-associated lymphoid tissue. NK = Natural killer.

(*) The APC is significantly different from zero ($p<0.05$).

(-) Statistic not shown. Rate based on less than 16 cases for the time interval. Trend based on less than 10 cases for at least one year within the time interval.
